Package ‘bladderbatch’

May 2, 2024

Title Bladder gene expression data illustrating batch effects
Version 1.42.0
Author Jeffrey T. Leek <jleek@jhsph.edu>
Description This package contains microarray gene expression data on 57 bladder samples from 5 batches. The data are used as an illustrative example for the sva package.
Maintainer Jeffrey T. Leek <jleek@jhsph.edu>

Description

This is an expression set consisting of 57 samples drawn from a study of bladder cancer. The samples were collected on different dates which have been used to define 5 batches. These data are used as an example in the sva package vignette.
Usage

bladderEset
