Package ‘celarefData’

February 20, 2024

Title  Processed scRNA data for celaref Vignette - cell labelling by reference

Version  1.20.0

Description  This experiment data contains some processed data used in the celaref package vignette. These are publicly available datasets, that have been processed by celaref package, and can be manipulated further with it.

Depends  R (>= 3.5.0)

Suggests  ExperimentHub, knitr, rmarkdown

License  GPL-3

Encoding  UTF-8

LazyData  false

biocViews  ExperimentData, SingleCellData, ExperimentHub

VignetteBuilder  knitr

RoxygenNote  6.1.0
